Mr. A. H. Swayer, President,  
Boston & Fla. Atlantic Coast Land Co.,  
Boston, Massachusetts.

My dear Mr. Sawyer:

I am enclosing herewith a letter from the Napoleon B. Broward Drainage District which is self explanatory.

Our Companies have always cooperated in every way possible with these Districts and we see no objection to making the release for right-of-way as requested by the Supervisors. Mr. Ingraham, President of the Model Land Company, which has considerable more land in the District than the Boston sees no objection and has <sup>been</sup> replied with their request in this respect.

Will you please sign the form on behalf of the Boston Company and return to us for delivery back to the Secretary of the Drainage District.

Yours very truly,

PEPPER & POTTER
