MIAMI, FLA.

Mr. Frank J. Pepper,
Miami,
Fla.

Dear Mr. Pepper:

Herewith I mail you letters regarding rights of way addressed to The Model Land Company and to the Boston & Florida A.C. Company, and additional letters covering this same subject which may be addressed to anyone else connected with your Company who owns land affected by our Plan of Reclamation.

You attended the Landowners' Meeting last June, and, I think, introduced the motion referred to in the correspondence enclosed. You will therefore be doing us a great service if you will place your O.K. on these letters and forward them to the particular officers or persons from whom we may get immediate action, for it is very important that we have quick action on these letters.

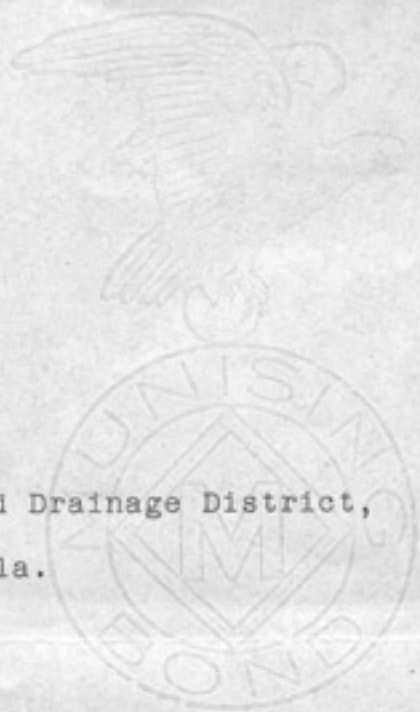

Thanking you always for your co-operation and friendly spirit, I am,

Very truly yours,

James S. Rickards
Secretary.

JSR/O

655

Napoleon B. Broward Drainage District,
Fort Lauderdale, Fla.

Gentlemen:

Under the Plan of Reclamation approved by the Court it appears that certain lands belonging to the undersigned were appropriated for rights of way, holding basins and other works of the District, and that certain allowance was made therefor.

This is to notify you that the undersigned hereby waives the compensation allowed by the Court and you are authorized to take the said lands for the use of the District in conformity with the Commissioners' Report, free of charge. A deed will be issued therefor upon request by you without cost to the District.
