Dear Sir :-

Referring to your letter of the 9th. instant regarding above subject. We have had this matter up on an average of every 10 days since your original request of January 19th. was received. The last time we took the matter up with Mr. Blackwell, which was day before yesterday, he promised to get the statement out at once. I told him over the phone that if he did not get the statement out soon that I was afraid you would take the matter up with the Supervisors of the District and he asked that nothing more be said about the matter and promised to get the statement in the next few days.

Yours very truly,

PEPPER & POTTER,
