Messrs. Pepper & Potter,

Miami, Fla.

Gentlemen:-

Referring to request of January 19th for itemized statement of special drainage taxes levied against lands of the Model Land Company and the Perrine Grant Land Company in the Southern Drainage District for the year 1922. At the same time we asked for statement from the Goulds Drainage District which was received some time ago.

As yet we have not received statement from the Southern Drainage District. These statements are absolutely necessary to enable us to make proper distribution of these drainage taxes on our books. All we have now is the information on the County tax statement which shows the total amount of taxes due the Southern Drainage District in various Sections, but in many instances this special drainage tax applies to only a portion of the lands described in the Section, which makes it impossible to make distribution from the information now at hand.

Will you kindly take up with the proper party and see if it is not possible for us to obtain this statement.

Yours very truly,

J. E. Ingraham
President.
