April 1, 1922

Thompson & Jackson,  
Toulon, Ill.,

Gentlemen,

We have your favor of 25th in regard to request of Mr. L. T. Highleyman that you give him your proxy in connection with the election of a Supervisor to the Southern Drainage District, which election is to be held on June 12th.

We wish to suggest Mr. Highleyman seems to have considerable opposition amongst the land owners for re-election, and we would wish to give this matter careful consideration before recommending that he be put back on the job.

The writer is usually present, and takes part in these annual elections, and holds the voting proxy of our other Companies; we would at the same time expect to use our best judgment in protecting your interests to this extent and, if you so desire, we will later on send you proper form of proxy to be executed placing what voting power you have in our hands.

Yours very truly,

PEPPER & POTTER
