Southern Drainage Dist .  
Ad. unpaid Taxes:

Dear Sir:

Answering yours of the 1st regarding the above will state that on taking the matter up with Mr. Blackwell, Secretary of the Southern Drainage District this morning he states that this is being carried in the above list in error and he will see that it is cut out. He states that it should not have been advertised as it was not turned in by the Commissioners as being benefited by this drainage.

In this connection we noticed some other items in the list which Mr. Potter is looking up now and will write you about a little later.

Yours truly,

FJP/B
