No. 4 Olivia Bldg.,  
West Palm Beach, Fla.

Mr. J. P. Conrad,

Dear Mr. Conrad:

I am in receipt of your letter of June 25, 1931,  
with Resolution adopted by Southern Drainage District.

The Everglades Drainage District bill provides  
for the abolishment of a sub-drainage district if 60% or over,  
of the lands therein petitions for such abolishment. The same  
bill also provides that the Board may levy up to 50¢ per acre  
for maintenance. On the other hand, they need not levy any  
maintenance tax if the land owners protest against such tax.

I am sending you, under separate cover, copy  
of Senate Bill #332, for your information.

Very truly yours,

Ben Herr.

Secretary  
Everglades Drainage District.
