Reclamation Tax Southern Drainage District:

Hon. W. S. Jennings,
Jacksonville, Fla.

Dear Gov. Jennings:

In the above matter I am pleased to advise that Attorney Paul Taylor of the District, has just called me on the telephone, stating that after further consideration he has released his claim for Attorneys Fees and any Advertising Fees, and that the Tax Collector has been instructed to issue us receipts in accordance with list and vouchers sent us by Mr. Engelman's office.

This matter I will close up on tomorrow and return receipts to St. Augustine. If Attorney Taylor represented to you that Suit had been filed in this matter, there must have been a mistake someplace, as I cannot find where any such suit has been filed even to this date, and the Secretary of the District states it would have been impossible for Mr. Taylor to file suit as the list is not yet complete and has not been turned over to Taylor.

Yours very truly,

FJR
