

June 10, 1929.

SUBJECT: Southern Drainage District.

Mr. J. W. Hoffman, Vice-Pres.,
Model Land Company,
St. Augustine, Fla.

Dear Sir:

We have your letter of June 7th enclosing proxy to Frank J. Pepper to vote lands of the Model Land Company and the Perrine Grant Land Company at the annual meeting of the Southern Drainage District held today, and also have your letter of June 8th on the subject.

The writer accordingly represented your Companies at the meeting held this afternoon in the office of the Supervisors, which was attended by some ten or twelve property owners, in addition to Supervisors Siegel and Conrad and Secretary Blackwell.

Out of 144,000 possible votes there were present something over 96,000 represented by proxy and in person, and Mr. Conrad was unanimously elected to succeed himself for the next three years as Supervisor.

After considerable discussion the property owners passed a resolution requesting the Supervisors to do no further work in Kangax Township 55 of Ranges 39 and 40 that would tend to lower the water level in this territory, and also requested them to do nothing further by way of widening or deepening Snapper Creek Canal, and if it could be done consistently to turn some of the water out of this Canal southward into Township 55, Range 39 in order to raise the water level in this area.

The matter of leaving off any tax for 1929 was discussed, but the Supervisors explained that this could not now legally be done, whereupon the property owners passed another resolution requesting the Supervisors to levy no tax in 1930.

Mr. J. W. H:

-TWO-

June 10, 1929.

In connection with this last resolution we suggest that either our Companies or some other property owner take the matter up with Supervisors, say in the Month of December as the tax is supposed to be levied as of January 1st, each year.

The Auditor's report of the District covering the past year will be published within the next few days in the Miami Herald.

Yours very truly,

PEPPER AND POTTER, INC.
