Mr. J. E. Ingraham, Pres't.,
Motel Land Company,
St. Augustine, Florida.

Dear Sir:

Following my letter of December 21st, concerning report from Trustees of the Special Road and Drainage District in connection with the Cape Sable Road, wish to state further that Mr. Dewhurst was here a couple of days last week investigating this matter and no doubt will make a report to you on his return to St. Augustine.

It is my understanding however that he was not able to get much information and therefore suggests that the matter lay over until organization of the Board of County Commissioners, which will take place sometime ~~this~~ month at which time he will try to be here to join me in a meeting that they are to discuss this and also the matter of making some kind of an arrangement whereby the Ingraham Highway might be properly surfaced down to the Monroe County line.

Yours truly,

— PERKINS & POTTER
