Mr. J. P. Ingraham, Pres't.,
Model Land Company,
St. Augustine, Florida.

Dear Sir:

I have your letter of the 17th inst. concerning the bonds outstanding in connection with the Ingraham Highway project in the Cape Sable District. Mr. Dewhurst spoke to me about this matter on my last visit to St. Augustine and I have taken up the question with our Board of County Commissioners and ~~they~~ have been informed by the Clerk that the Trustees for this District have never rendered a report to the Board, but that the Board is taking necessary action to get complete report of the present status to the extent that the Clerk ~~thinks~~ it will be necessary for him to make a trip to Homestead and check over the books and accounts.

My reason for thinking we will get this report in the near future is that the County Commissioners must have the information in order to make their annual report to the State Comptroller and as soon as it is procured I will advise you fully.

Yours truly,

PEPPER & POTTER
