FLAGLER SYSTEM

OFFICE OF PRESIDENT AND SECRETARY

J. E. INGRAHAM  
PRESIDENT

817  
*J. E. Harrison*  
J. E. HARRISON  
SECT. AND TREAS.

St. Augustine, Fla. 5/26/19

Ref.

Mr. F. S. Morse,  
Miami,  
Florida.

Dear Sir:

Mr. Jaudon of your city was in our town a few days ago and called upon Mr. Ingraham socially. During the course of his conversation he mentioned something about Dade County bonding for road construction purposes along the northern line of Dade County I think, or from Miami to the Tamiami Trail. He also mentioned Dade County bonding for the purpose of the extension and construction of the Ingraham Highway from the division line between Dade and Monroe County to Cape Sable.

This I hardly can understand, but I would be glad if you will advise me what information you have upon this subject, what benefit we will derive from the Tamiami Trail bonding, if any, and all information and data pertaining thereto. In fact, I would be very glad indeed if you will keep this office advised from time to time of new movements of this nature, both as to bonding for roads or the making of new drainage districts and other things that will increase our taxes. We cannot afford to have this continual burden of taxation placed upon us where we derive no benefit therefrom.

Yours truly,

*J. E. Harrison*  
Secretary.

H-s.
