

J. B.

March 17th, 1924.

Mr. J. B. Ingraham, Pres.,
Model Land Company,
St. Augustine, Florida.

Dear Sir:-

We are enclosing herewith another editorial from the Miami Herald of March 16th, concerning the rubber industry in this section of the State, which we thought you would enjoy reading if you have not already seen it.

In a recent conversation on this subject, the writer was informed by Dr. David Fairchild that it has been his opinion for sometime that rubber trees of commercial variety could be successfully grown in Dade County, but, he was very much afraid that the labor situation, unless materially corrected by the Federal Government, would prohibit production in this country.

Yours very truly,

PEPPER & POTTER,

By

FJP/L.
