Subject. - Rubber Trees.

Mr. J. E. Ingraham, Frest.
Model Land Company,
St. Augustine, Florida.

Dear Sir :-

We received your letter of the fourteenth instant regarding the rubber trees planted on the Perrine Grant.

I made a trip down to see Mrs. Richmond and found that she was up North on a vacation at the present time. She is expected back in the near future and as soon as she returns I will endeavor to have a talk with her and secure what information I can on this subject. Since writing you I have found an old file on the subject and in your letter of August 14th. 1918 to Mr. Pepper you gave a great deal of interesting information on the subject.

I took a photographer down to Perrine Grant this morning and took photographs of large rubber trees in five different locations and these photographs will be sent you as soon as they are developed.

Yours very truly,

PEPPER & POTTER,

MOC/D.
