Judge Frank B. Stoneman,  
C/o Miami Herald,  
Miami, Florida.

Dear Frank:-

In connection with the several conversations you have had with myself and Mr. Potter concerning the possibilities of the development of the rubber growing industry in Dade County, we are enclosing herewith two or three copies of the reprint from the Manufacturers' Record, issued November 8th, 1923, being an article prepared by Mr. Edmunds, from information furnished him by Mr. Ingraham.

As stated to you verbally, it is the personal request of Mr. Ingraham that this matter, which he considers of great importance to this section of the State, be called to your attention with the idea that you will see fit to give it favorable publication and thus likely bring it to the attention of someone among the large number of readers of the Herald, who might become interested in promoting the industry.

Should you desire any further information of a particular nature or in a general way, I assure you we will be glad to answer any questions you may care to ask within our knowledge, and Mr. Ingraham will also be pleased to hear from you on the subject.

Yours very truly,

PEPPER & POTTER,
