Dear Sir:

Copy of the January number of "The Dixie Highway" has reached me through the mail and I have enjoyed its pages very much, but am sorry to not you did not succeed in getting in any of the information and photographs sent you with my letter of December 13th, which you kindly acknowledged and stated in your letter of December 16th you expected to use in this January number as you had received it too late for the December number.

Possibly you expect to use it in the February number?

Yours very truly,
