

8218

Dec. 19th, 1918.

Mr. Sidney Harrison,
St. Augustine, Fla.

Dear Mr. Harrison:

Referring to information you sent me regarding hunting preserve in the White Water Bay country, from which I made up a story and with some photographs of the road, sent it to the Dixie Highway Magazine for the December number.

I am today in receipt of letter from the Editor acknowledging the information, and stating that while it reached his hands too late for the December number, that he would gladly run it in the January issue, which I am pleased to know as this magazine is being quoted largely throughout the United States, and this information should prove of interest to Sportsmen, thus giving it considerable advertising value.

Yours very truly,

FJP
