

# MODEL LAND COMPANY

FLAGLER SYSTEM

OFFICE OF PRESIDENT AND SECRETARY

J. E. INGRAHAM  
PRESIDENT

S. HARRISON  
SECT. AND TEXAS.

St. Augustine, Fla.

December 17th. 1918

Dear Mr. Pepper,

I replied to your letter of 15th. inst. under Mr. Ingraham's signature relative to Kendal Grove, Commissions, Farmers Congress, etc.

I was extremely glad to hear that Mr. Morse continues to improve in health, all he needs now is to be careful and not try to take up business for sometime to come, not over exert himself and to forget business if he can, if he will follow out this proscription I know he will get well rapidly.

Mrs. Ingraham is still suffering from her attack of asthma which is extremely trying to her, Mr. Ingraham except for worrying about Mrs. Ingraham's health is keeping well.

Both Mr. & Mrs. Brumley, Jr. send their best regards and are glad to know you arrived home safely, and that both you and your brother expect to get over the few stretches of bad road even ~~thru~~ though you never expect to be the same, we all look upon your pleasant visit with pleasure and hope to see both of you back with us shortly. I shall long remember my pleasant visit to Miami and the kindness extended to our party by Mr. Potter and yourself and our pleasant visit with Mr. Morse.

With best regards,

Yours sincerely

*Sidney Harrison*
