

October 31, 1923.

Mr. J. H. Bright,  
% Curtiss-Bright Ranch Company,  
Hialeah, Florida.

Dear Mr. Bright, -

At a meeting of the Supervisors of the Biscayne Drainage District this afternoon, it was decided that before taking any further definite action by us of letting dredging contracts, etc. that we would like to have a joint meeting with those interest in the Dade Drainage District, to see whether or not we could co-operate in any way to the advantage of each other in this development work and this meeting is being called in the Assembly Hall of our Chamber of Commerce at 3 P. M. next Wednesday November 7th. and as you are closely in touch with the situation, I wish to request that you notify such persons interested in the Dade Drainage District as you think should be present at this discussion, having in mind your Engineer, Mr. Graham, your Supervisors and possibly others.

Yours very truly,

Chairman, Board of Supervisors,  
Biscayne Drainage District.

FJP/D.
