Mr. Hendrickson,  
Fort Lauderdale, Florida.

Dear Mr. Hendrickson, -

This will be handed to you by Mr. John Moore of the Biscayne Engineering Company of Miami, who has been appointed Engineer for the Biscayne Drainage District just organized.

Mr. James Bright, one of the Supervisors of the Broward Drainage District, and he is also a property holder in our new District, informs me that you have considerable Engineering data with reference to levels etc. on the territory making up our District and suggested that you would be glad to cooperate with us in furnishing such data that you have and which would assist us in our preliminary work, and the Drainage Committee or Supervisors of the Biscayne Drainage District, will appreciate it very much, if you will show this courtesy to Mr. Moore.

Thanking you in advance and with warm personal regards,  
I beg to remain,
