Mr. Sidney Harrison, Sec'y,
St. Augustine, Fla.,

Dear Sir,

Some of the property owners in the vicinity of Arch Creek, and headed by Mr. Arthur M. Griffing, are contemplating a drainage district. They had a meeting a short time ago and organized, and Mr. James Bright was named on a committee to investigate the feasibility of a drainage district in that locality.

This office has kept in touch with the matter, and I have spoken to Mr. Bright regarding the same several times; and he said to me he was having one of his engineers to look into the matter, and as soon as the engineer reported to him he would immediately get in touch with me, and give me whatever information he had so as to report the matter to your office.

We will keep you advised of any further moves that are made.

Yours very truly,

PEPPER & POTTER
