Gentlemen :-

We have your favor of the 31st. ultimo in reply to our letter of January 27th. regarding the proposed Drainage District, South of Florida City and note that you wish to take the same attitude as that of the Model Land Company, namely: Not wanting your lands included in such a district and as your local agents at this point, we will be governed accordingly as far as we may have to do with the matter.

Yours very truly,

PEPPER & POTTER,
