January 23, 1923.

Messrs Thompson & Jackson,
Toulon, Illinois.

Gentlemen :-

There was a movement started recently at Florida City for the creation of a new Drainage District covering a large area of territory lying South of Florida City and which would take in about four sections of your land lying in Township 59, Range 39.

We have taken the matter up with Mr. J. E. Ingraham, President of the Model Land Company and in order that you may know his attitude towards the proposition, we are enclosing herewith a copy of his letter of January 24th. to us, and would suggest that you write us also setting forth your objections to the formation of such a Drainage District, if that is the attitude that you wish to assume.

Yours very truly,

PEPPER & POTTER,

By
