

1181

January 17, 1923.

Mr. A. D. Livingston,
Homestead, Florida.

Dear Sir :-

Referring to our recent conversation concerning reported activity about formation of a new Drainage District South of Florida City.

We are depending upon you to look into this carefully and keep us advised about the movement of this proposition so that if at any time, it looks as though it is becoming serious, we can promptly notify the Saint Augustine office, as we are certain Mr. Ingraham is not in favor of such a proposition and would want to take steps to stop it, if necessary.

Yours very truly,

PEPPER & POTTER,

By

FJP/D.
