November 21, 1923.

Mr. Sidney Harrison, Secty.  
Model Land Company,  
St. Augustine, Florida.

Dear Sir, -

Captain Jaudon showed the writer a telegram this morning from Mr. Deane requesting him to ask us not to reply to any communication from Washington regarding his Cape Sable land purchase proposition until we had received a full report from him.

So far, we have heard nothing definite from the deal further than your letter of November 16th. stating that you had an appointment to take the matter up with him in your office on that date but since have received your request that abstract be prepared for the property the purchase of which he was considering.

We will be pleased ofcourse, to keep you advised of anything further we hear from Mr. Deane.

Yours very truly,

PEPPER & POTTER,

By

FJP/D.
