Dear Sir, -

Your telegram of this date stating that description of land in Townships 59 and 60 of Range 37, sent you in our letter were correct and also asking us if you can borrow Government Plat of 60-37, was received this morning. We have several extra copies of Government Plat of 60-37 and we are sending one copy under separate cover. You may keep this plat if you wish. We are also enclosing in same package a Government Township plat showing Sections 34, 35, and 36 of 60-37. We seem to have only one copy of this plat and after it has answered your purpose, wish you would return same to us.

Yours very truly,

PEPPER & POTTER,
