Messrs. Pepper & Potter,  
Miami, Florida.

Gentlemen:

I have yours of the 10th this morning in reference to drainage district south of Florida City and east of the Florida East Coast R.R., and note what you propose to do in the matter in the way of an examination, and that you want to see if we can get a track car to help you out in your transportation. I talked this matter over with Mr. Rodenbaugh this morning and he said in view of the very heavy traffic showing up now, and while they were willing to do anything they could for this department, they thought it would be too risky to promise it. I quite agree with him on the subject, and you will therefore have to make some other arrangements.

Mr. McLendon will leave here Sunday night.

Yours truly,

*J. E. Ingramam*  
President.
