Mr. L. E. Bishop, Managing Sec'y.,
Redland District Chamber of Commerce,
Homestead, Florida.

Dear Sir:-

In answer to yours of the 18th inst., regarding the Drainage District proposition South of Florida City, will state that the President and one or two other officials connected with the Boston and Florida Atlantic Coast Land Company, recently made us a visit at Miami and on taking up with them the matter of standing their pro rate share in case of the survey previously suggested, we were merely informed that the matter would be taken up at the next meeting of their Board of Directors and that we would be advised of the result.

Mr. Thompson of the firm of Thompson and Jackson, has not yet reached Florida and we do not know at just what time we may expect him. We can, of course, if necessary, take the matter up by correspondence, but as previously suggested, think it would be better to handle it verbally with Mr. Thompson when he comes down.

Yours very truly,

PEPPER & POTTER,

By

FJP/L.
