Model Land Co.,
St. Augustine, Fla.

Gentlemen:-

We have a client who desires to get from 5000 to 10,000 acres of land in Monroe Co. somewhat centrally located away from the coast for the purpose of growing rubber or experimenting with the Rubber Industry.

He does not care anything about heat, or at least he wants heat and dampness, but does not want it under water.

Will you please submit to us prices on this from 5,000 to 10,000 acres in this County or some other county suitable for this particular plant. I remain,

Yours very respectfully,

BROWARD REALTY CO.

By E. C. Broward,
President.
