Miami, Florida

June 16th. 1927.

Mr. J.W.Huffman,  
Vice Pres., Model Land Co.,  
St. Augustine, Fla.  
Dear Sir:

We represent a strong organization who are seeking a suitable location for a farm development proposition and knowing you have much good land that might be suitable for such, we are wondering when it will be convenient to get in touch with you and talk this over; will you be down in Miami in the near future? if not can you suggest what would be most convenient for all parties to do in order to thrash out the matter.

Our people are ready and willing to start a colonization program at once and are able to carry out their plans in a substantial way.

Hoping to hear from you at an early date I am,

Yours very truly,

(Signed) J. F. Cross.
