

May 20, 1929.

Mr. J. W. Hoffman, Vice-Pres.,
Model Land Company,
St. Augustine, Fla.

Dear Sir:

Referring to the consideration of having some photographs taken of the Cape Sable section, in connection with which Mr. Hoit of Miami, sent you some samples of his work, together with figures.

I am enclosing herewith a diminished print of a job done by this firm, of New Providence Island, showing method of identifying location of different photographs, the photographs carrying numbers corresponding with those on the key map. Of course, you understand the range of vision shown on each picture is not limited to the extent of the angle marks on the enclosed print, but would continue for a much greater distance, the vision spreading or continuing on the same angle.

Yours very truly,

PEPPER AND POTTER, INC.
