SUBJECT: Sugar Cane - Experimental Planting -
Cape Sable District.

Mr. J. M. Holferty,
R. R. 3,
Miami, Florida.

Dear Sir:

We have just received a letter from
Mr. Hoffman inquiring if your sugar cane ex-
periment has progressed to the point where you
can make a report as to the possibilities of
growing cane on marl soil.

We will appreciate it very much if you
will write us a letter on this subject so we may
send same to Mr. Hoffman.

Yours very truly,

PEPPER AND POTTER, INC.
