SUBJECT: Sugar Cane - Experimental Planting  
on Marl Soil.

Mr. J. M. Holferty,  
Rural Route 3,  
Miami, Florida.

Dear Sir:

Last May you advised us that the Sugar Cane cuttings had been received, and we are just in receipt of a letter from Mr. Hoffman, Vice-President of the Model Land Company, asking us to advise what success you have had with these cane cuttings, and we will appreciate it if you will drop us a letter on the subject or call in our office if you happen to be in town within the next day or two.

Yours very truly,

PEPPER AND POTTER, INC.
