SUBJECT: Sugar Cane - Experimental Planting - on Marl Soil.

Mr. J. W. Hoffman, Vice-Pres.,
Model Land Company,
St. Augustine, Fla.

Dear Sir:

We received your letter of the 10th instant quoting a paragraph from a letter of Mr. E. W. Brandes, of U. S. Department of Agriculture, in which he stated he would have their Agronomist, Mr. R. T. Gibbons, at Canal Point, furnish you with cuttings of several varieties of sugar cane mentioned in his letter, and you requested us to get in touch with Mr. Holferty and see if he could call for these plants at Canal Point or if he wished them sent to him by mail or express.

Mr. Holferty states it is not convenient for him to call for them at Canal Point and suggests that you ship them to him addressed to J. M. Holferty, Goulds, Fla., advising him by mail when and how they are shipped.

Yours very truly,

PEPPER AND POTTER, INC.
