Dear Sir: *Frank*

With the sanction of Congress now behind the Everglades National Park project, we can push forward with the assurance that the preservation of this, one of the country's vast primitive areas, will come with its inclusion in the national park system.

As one of the co-workers, and one upon whom certain responsibilities for the success of this park project seem to rest, permit me to express my sincere appreciation for the effective work which you have done in furthering the progress of this park project and my anticipation of the continuance of this co-operation.

With all appreciative regards, I am

Sincerely yours,

*Ernest P. Coe*
