Re: Southern Drainage District and
Everglades Drainage District.

Mr. J. W. Hoffman,
Model Land Company,
St. Augustine, Fla.

Dear Sir:-

Mr. J. P. Conrad, Treasurer of the Southern Drainage District, sent Mr. Pepper copies of some correspondence he has recently had with Mr. Ben Herr, Secretary of the Everglades Drainage District, and Mr. Pepper requested us to make copies of these letters for our files and also make copies of them for you before returning the originals to Mr. Conrad. We have done this and we enclose copies of the correspondence herewith. If there is anything in particular you wish us to do in following the matter up please advise us.

I happen to know that Mr. Pepper has considerable influence with the Supervisors of the Southern Drainage District, and also with the land owners in the annual meetings, and could probably work out any consistent policies desired.

Yours very truly,

PERFEN AND POTTER, INC.
