

M.O.C:

Better quote attached to Dillon at \$6.00 per acre, or round figure of \$10,500.00, and have in mind that JWH is willing to take as low as \$4.00 per acre.

I would not neglect this, as I consider it a good prospect.

4/27/33 - Phoned Dillon & he said he would call in
ofc. in the morning to see our map again & then
write his partels in Chicago by air mail & he thought
he would get this matter wound up pretty fast.
He got sketch 4/28/33.
