The Model Land Company,
St. Augustine, Fla.

Gentlemen:-

A party is in search of a large tract of land suitable for hunting and fishing preserve on which there can be no question of the amount of game.

No doubt you have such tracts and can furnish some thing ideal for the purpose; the tract must be in southern Florida, easy of access by trail and not too far from railroad.

Include the approximate location, price, and terms, although it is possible the deal will be made for cash.

Also state commission.

Sincerely yours,

I. P. Lord (s)
