Mrs. Minnie Moore-Wilson,  
Kissimmee, Flor.

Dear Madam:-

I recently met the Rev. Mr. Nickols of Youngstown O., who told me that you had published a book on the Seminoles of Florida, and he suggested that if I would write you asking the name of the publisher that you would be pleased to give me the information desired. If you will do that or send me a copy of the book together with <sup>information as to</sup> price of same, I will forward remit for it upon receipt of it.

I am of mixed white and Indian blood of the Kiowa tribe and now a lecturer. I visited Florida last winter in the above capacity and had the privilege of visiting the Seminoles, and am greatly impressed with them. There I met Hotulkahatsie--or Hotulka Harjo--I learned the Seminole language when a boy--with whom I had a hunt and a good time in general.

My mission is to create favorable opinion or sentiment in the minds of white people for the despoiled people, and to disabuse peoples' minds regarding them, and I believe that your book would be a help to that end.

If it is not too much trouble for you to comply with my request I shall be greatly obliged to you.

Thanking you in advance, I am

Very truly, yours

Tahau

P.S. I am booked by the Redpath Lyeum Bureau
