My Dear Mrs Wilson -

*I am sorry that I have
 been so neglect with my correspondance
 but I am sure that never in my life have
 I had so much on my hands. I see
 you last lately been elected President of the
 Museum Club and will doubtless have
 by this time even that there are many things to do
 and they sorry has been sick some this
 winter we have since that we would want
 to bring him to our home Rheumatism in his
 knees. I have I have been looking after the
 art collection for the St Augustin paper - or rather
 I have at least secured for this a canoe
 and we don't know just how we are*

to get it to him all the amounts a little but
takes time.

I really don't know just what to say
I am in favor of securing aid for the
Seminole Indians but in the words of
Mr. Saffin "we must have aid for these
Indians it does not matter of whom,"
gives it Florida or the Federal government.

I sincerely wish that we might secure
the Big Cypress as a game preserve I do
not to whom this belongs. Do you?

Billy Co. m. patches made us a visit some
weeks ago he had dinner with us and told
all about his camp there and others they
are not troubled with the white man and there
is plenty of game. They grow so he told me peas
pumpkins rice corn and cane perhaps Mr. Wilson
has been there from Billy told us it is not the
poor unproductive soil that has been said.

About these Resolutions Mrs. Jennings I
don't believe in in favor of. in fact she
writes me so. I must work in harmony
with the Administration with which I am
connected. I am going to continue to work for
the Seminole Indians and I am sure every
thing will come out right. I am going to

The Woman's Club

New York and if it is possible I shall
take along some of the articles I had at the concert
at hand. I trust you will be going
and if you have any of their bread
bites or work take it with you we may
have a chance to show it I really don't
know what the chances will be however
I shall be glad to hear from you
again and if any change appears I
will let you regarding resolutions

Trusting you are real well
I am Sincerely yours

(Mrs Frank) Jay J. Shanahan.
