Mrs. M. Wilson.  
Pres. Woman's Club.  
Missouri, Fla.

My Dear Mrs. Wilson.

I trust that you will receive this letter in the spirit in which it is sent. I really feel that your being connected with my committee does not give you the liberty you would have if you were free to act independently, you might accomplish more as I feel sure you desire to do. The Indians here in school are getting on fine. They are attending Sunday School also. There has been some little difficulties to adjust but everything is coming out splendidly. I am pulling Mrs. Julia Hanson on my committee. I hope that the Government officials have referred the Sunday Committee at Ft. Beach to you.

I trust that you may enjoy a very happy New Year. Success and prosperity.

Very sincerely yours,  
Mrs. Frank Stranahan.
