Dear Mrs. Wilson:

I am writing to

say that after returning from
New York today, I had another
interview with officials in the
Indian Office, and inspected the
files relative to the Seminoles
in Florida. According to the
evidence furnished me I find
that about 26,000 acres have

been set apart for them. The principal or major part is in Lee County in the Big Cypress country where I visited some years ago. I obtained a blue print map showing the locations of the same.

I laid before the proper person the condition of the Indians at Jota Okechobe, as stated in your letter, and referred the department to you and your husband. While I was present a letter was dictated to a Mr. Spencer, the Agent now
