Mrs. James M. Wilson,  
Kissimmee, Florida.

Dear Mrs. Wilson;

Your interesting letter of recent date came during my absence from Miami, hence the delay in answering. I have talked your project over with many friends and they have all been of the opinion that the 'Seminoles' should have certain lands given to them and that it should be done at once. Some of my friends are influential at Tallahassee and some have friends who are, so I am doing all I can to help the good work along. I believe without doubt that any reasonable bill that is introduced this winter for the relief of the 'Seminoles' will go through and receive the approval of Governor Catts.

I hope to come to Tallahassee within the next 30 days and if I do will have a talk with the Governor in regard to the matter that lies so close to the hearts of both Mr. Wilson and yourself. With kindest regards and best wishes, I remain,

Yours very sincerely,
