Dear Mr Wilson

Please pardon the delay in  
answering your last letter but  
Mr. Moore & I have been & move  
Hawaii for several days -  
I am so glad to know that you  
have interested Dr Kelly in the  
"Seminole" - It is a wonderful man  
with a heart full of kindness. &  
we are all delighted & have been  
a friend of the much abused &  
neglected Seminole Indians -  
your book & Looklets are  
pleading the cause of the betrayed  
Indian in a truly wonderful way -  
& I have put the book in the  
hands of many friends; who

am fascinated with the story &  
astounded at the perfidy of  
the White man -

am also pleased to know that you  
have interested Gov Catts in the cause  
as he will be a power for good -  
Have you a map of the State  
holdings? - & is it your desire  
to locate the lands in the Southern  
part of the State -

Mr McKee Com of Agriculture  
would gladly send you a map I  
am sure - If not I will secure  
one - & we will then get together &  
look the lands over - Will be  
pleased to cooperate with you in  
every way - Sincerely yours  
James A. Moore
