THE STATE OF FLORIDA

April 1, 1927.

Miss Minnie Moore Willson,  
Kissimmee, Florida.

Dear Miss Willson:

Your letters of the 30th received, and certainly appreciate hearing from you and the information given in your letter.

Will say as soon as I get my new bill passed I will be in position then to handle such cases as you have in Kissimmee, in regard to keeping birds and animals in captivity. You can rest assured that I will do everything possible to establish a reservation for the Everglades as mentioned by you, with one exception and that is I have the privilege of naming it the Minnie Moore Willson Reservation.

I will be glad to hear from you at any time, and be glad to call by and have a chat with you when I am in that section.

Respectfully yours,

  
Commissioner
