

Kissimmee, Florida
April 3, 1929

Mr. R. Bazile Brossier,
Editor Reporter-Star,
Orlando, Florida

Dear Mr. Brossier:

I have been wanting to thank you for the papers mailed to me with such a splendid article on my work, as sent you by the Sanford State DAR Conference. Am inclosing a little sketch, which is of interest to Florida, and I would appreciate very much if you will make this a Special, rather than have it appear in the Kissimmee Social Items. I must apologize for the type written copy but I believe your foreman will be able to put it into good form. I had promised this to your correspondent here, Mrs. Fount Rice, and if you care to give her credit for this it is perfectly all right with me. This little sketch will appear later in other papers as I expect to go to Jacksonville next week, but I am sending to you the first copy--naturally I will appreciate your special attention to this item as it is of national value.

Very sincerely,

EW/a
