

Kissimmee Fla. March 26th. 1911

Capt. L.A. Spencer,

Miami Fla.

My Dear Mr. Spencer:-

Our Representative, Mr. McCarty told me yesterday that he would request Mr. Sells to have you attend the of the Legislature, so I trust you will soon get instructions to that end and can be on hand.

Mr. Sniffin expects to be in Jacksonville on the 25 and would like to know at that time your plans. He will stop at Hotel Brandbridge. Suppose you write him as soon as you know what you will do.

Mr. Pledger, an attorney here, has been looking in to the question, and studying the best way to draw that Bill. He is a personal friend of Gov. Catts. What I would like and will suggest, is that you and Mr. Sniffin, come to Kissimmee before going to Tallahassee and we all put our heads together on the bill.

I am going to write Mr. Sniffin, so he will get it when he arrives in Jacksonville, and suggest that he also come to Kissimmee and lets talk over the bill before the Legislature meets.

Suppose you go over the list of Senators and Representatives and select such as you think would be best suited to on the two Committees. It might be we could plan have some or all of them appointed on the committees. You having been on the work so long will best know the good material.

Let me hear from you when you get this letter, and tell me what you think of the plans suggested. I have not been able to get in touch with Mr. Vans Agnew.

With kind regards, I remain,

Very
