Dear Mr Willson:

Since writing you this P.M., I saw Mr. Bryan who tells me that the Attorney-General not only gave a decision very favorable to our bill, but he stated he would gladly appear personally before the Indian Committee! That looks as if our trip to the Governor's office had the desired effect.

Mr. Bryan's submission bill got through both houses today, and he will doubtless have more time for the Seminole measure.

Sincerely yours,

J. K. Sniffen
