Dear Mr. Wilson:

I rejoice with you and Mrs. Wilson over the splendid result of your faithful and long continued efforts in behalf of the *Seminole* Indians. There are many like myself who have had this matter much at heart but whose personal efforts are small and trifling in comparison, but who yet do sincerely and heartily rejoice with you over the victory. I understand from your previous letter that the areas of land designated there are set aside so that the thing is quite definitely settled when the bill is signed. I want you also to understand that my interest does not end here but that if you undertake any far seeing plans with the consent and co-operation of the Indians, I shall from time to time feel honored to co-operate with you.

Always faithfully and with sincere affection yours,

Howard A. Kelly
