Mr. J. M. Willson, Jr.  
Kissimmee, Fla.

My dear Jimmie Wiltsie:

Your letter of the 8th inst. made us also feel very happy. It is seldom that the career of practically a life time ends so successfully and Mrs. Vans Agnew and I both think that you and Mrs. Wilson ought to feel that you have accomplished one of the greatest benefactions, not only in the history of Florida but of the United States.

The passage of this bill will be an enduring monument to the memory of you both and even if the Seminoles do not give you credit for it, you will receive due credit from the future historians of the Country.

Personally, it will always be a pleasure to us that we should have been associated, however indirectly, in such a successful and worthy cause.

Most sincerely,

VA/C
